

Lindsay Burnett & Laurence Kessler | The Island Hotel, Newport Beach

PHOTOGRAPHED BY JIM KENNEDY PHOTOGRAPHERS

When Laurence met Lindsay through a mutual friend, unfortunately for him, she was in a serious relationship. Luckily, fate intervened. Lindsay and Laurence soon discovered they lived in the same apartment building, and for the next two years, continued to bump into each other. Then, after being single again for a year, Lindsay moved into a new apartment, and to her surprise, Laurence had also moved into the same new complex. A year and a half later, Laurence brought her three surprises. Roses were the first, a romantic evening of dinner and a stay at the Four Seasons was the second, and for the third...the proposal.
