**PHOTOGRAPHED BY IRA LIPPKE STUDIOS**

Heather and Craig share not only the same faith, but also a passion for helping others. The two first met while volunteering together with their church. They later traveled to India on a mission trip doing relief work for tsunami victims, and soon fell in love. They now not only share a bond of love and marriage, but share a compassion for others, as they travel to India every year to do relief work through their church.
